

## 2021-2022 NEW JUDGING INFORMATION

By

Char Christensen, Region 5 RTCC

Donna Trevethan, Region 5 RJD

### Regional Application Form for Levels 7-10 Region 5

Championships – Last year the number of Level Ten judging sessions was added with NCAA Meets being added for this coming year. Both of these items show judging at a high level in our sport. Please keep track of these so that you can accurately report these next year. It will be helpful for you to keep the number of judgements you do for all Level 10 and NCAA meets that you judge for 2021-2022. The weight of this information will be determined at a late date.

Being a meet referee counts as judging for the criteria listed above. All of these Level 10 and NCAA judgments show our involvement at the highest level of competitions.

Region 5 Training Camps- Judges are encouraged to attend our training camps to observe, offer judging comments or lead Sunday judging rotations. Judges no longer will be assigned to a camp/event but will be assigned to the judging rotations. This information will still be part of the PIF-Professional Involvement Form to show involvement.

For additional questions, please contact Char Christensen or Donna Trevethan.
